4. The Deputy Conservator of Forests does not bind himself to allot timber for the whole or any portion of any tender, and he is at liberty to dispose of the whole or any portion of the supply available, previous to allotment, should this course prove to be advantageous in the interests of Government.

5. In the interests of fire conservancy the forests will be closed against the removal of timber in the fire season, which, it may be stated for the information of intending purchasers, is generally a period varying from 6 weeks to two months commencing from about the middle of February; but which is liable to be reduced or extended according to the character of the season. Certain depots in or adjoining the forests will, however, be set apart and remain open throughout the whole of this period for the removal of timber for the convenience of those purchasers who may choose to collect timber therein in order to avoid the inconvenience of an interuption of their transport operations during the fire season.

6. The rates and conditions of sale are regulated by Notification No. 19, dated 23rd April 1903 of the Chief Commissioner of Coorg, for copy of which or further information apply to the undersigned.

C. McCARTHY, *Dy. Conservator of Forests, Coorg.*
